

Arms Division Minute 4, 1958

- S-6 S-6 Low Cost Slide Action Shotgun -  
410 Gauge - Based on the Model 572 - XS-4

The feasibility of this design has not been established but no work will be undertaken pending submission of a forecast by the Sales Department.

- S-7 Aluminum Receiver Version of the Model 870

There is no current Sales interest in this design.

- S-8 Two-Shot Autoloader

There is no current Sales interest in this design.

- S-9 Two-Shot Slide Action Shotgun

There is no current Sales interest in this design.

- S-10 Over and Under Shotgun Based  
on the Model Sportsman-58 Receiver

The Sales Department has no current interest in this item. They point out that they would always be interested in having a conventional break-action over-and-under shotgun but can see no requirement for a fixed breech double barreled gun.

- S-11 Sportsman-58 3" Magnum

This item was reported under the regular agenda.
