CENTER FIRE RIFLESMODEL 722

In view of the discontinuance of 257 Caliber in the Model 760 and of the decreasing sales volume of this caliber in the Model 722, the Ilion Plant requests the Sales Department to consider the possibility of obsoleting 257 in the Model 722.

RIM FIRE RIFLESMODEL 572 LIGHTWEIGHT

The Ilion Plant has approximately 200 Teal Wing Blue guns in the warehouse for Sales approval.

NYLON 66 (Model 555)

The Sales Department has approved a new design grip cap, butt plate and barrel marking and has designated the two approved colors as "Mohawk Brown" and "Seneca Green".

MAPLE STOCKS AND FORE-ENDS

The Ilion Plant has a quantity of these available for the Sales Department to examine.
