- (1) Decision to be made between .222 and .222 Magnum.
- (2) Demand for Carbine grades to be reviewed by Sales in June to determine if this barrel length should be continued.
- (3) Demand for .35 Remington to be reviewed by Sales prior to the end of the year to determine if this caliber should be continued. The Production Department will inform Sales before committing additional production.
- (4) Only gauges currently supplied with grip cap.
- (5) No change in D and F grades which will continue with hand checkering and black plastic grip cap.
