SHOTGUNS - contd.

CBC - SINGLE ACTION BARREL SHOTGUNS - contd.

The gun will not be "fair traded" and therefore would not be carried in the Remington catalog.

Any decision on the Canadian program will be made after the sample guns have been evaluated.

CENTER FIRE RIFLES

MODEL 742-760 "BDL" CENTER FIRE RIFLES

All equipment for the "BDL" has been proven with the exception of the checkering dies for the Stock for left hand shooters.

Component production is scheduled to start in November.

Marketing will issue consignment orders for "BDL" rifles in October. Cart and a large . (19**5**9) 11 5 - 14 5 5

MODEL 600 MAGNUM BOLT ACTION RIFLE 1981 - 1995 - 2005 - 20

Remington Caliber 6. 5100

 \mathbb{R}^{2}_{0}

Three gages and three cutting tools for the chamber are involved in model drawing changes which R & D found necessary to improve accuracy. Revised tooling should be available to permit pilot operations late in October.

Committee Action

Based on March 1, 1967 availability of ammunition, announcement of the rifle and ammunition should be made in January for March shipment.
