700 Mountain Rifle
SN C6325905

270 Cal
Purchase Date 11/10/89

Rifle would not fire with safety off. Later Rifle worked just fine. Later Rifle would not fire with safety off. Put another round in chamber worked safety on and off. Trigger still wouldn't pull. As I brought the rifle down it fired. Safety on finger off trigger. Not delayed fire. You have my permission to fix it. Don't send it back to me!!!
