TRAPS

ELECTRIC TOURNAMENT TRAP . . (Introduction 1973)

R & D reported that 20 traps have been shipped against trap orders making a total of 28 in the field at this time.

Marketing continues to report excellent reception of the trap. They are now ready to start pushing sales. Promotional and advertising programs are being considered.

REMINGTON SKEET TRAP (Introduction 1974)

R & D reported that modifications to improve target path consistency 83 are being made. Testing will begin this week. Platform stiffness is being increased and shape modified at bird exit points. If these changes do not provide the improvement required, the cause of the problem is unknown at this time.

PASELLI MECHANICAL TRAP

1. 1995 - 1998 1999 - 1998

Marketing requested R & D to make a design proposal for manufacturing this trap. A working prototype is required. Marketing and R & D will review the trap to determine modifications required.

The meeting adjourned at 3:03 p.m. The next meeting will be at Britigeport on Thesday, December 18, 1973 at 10:00 a.m.
