

QUALITYPOWDERED METAL COMPONENTS

Production and Marketing reviewed the status of a program to improve the cosmetic appearance of powder metal gun parts. Production has supplied Marketing a list of powder metal components categorized as functional, cosmetic, or both. Marketing is reviewing the list to determine which components require cosmetic improvements and in what order. Production will then produce finish samples and costs for review with the Committee.

The Meeting adjourned at 11:30 AM. Next meeting scheduled for December 15 at 10:00 AM in Bridgeport.
