7mm EXPRESS REMINGTON RECALL

A draft of a release on the 7mm Express Remington recall is attached. The wording has been reviewed and approved by the Product Safety Subcommittee.

If you approve, we will send this to Lloyd Whitfield in Public Affairs in Wilmington for clearance. Assuming he gets the necessary approvals in time, we plan to release it through PR News Wire on Monday, October 12, and then mail it to the full Remington News Letter list.

E. S. McCawley, Jr.
