SUBJECT: RECALL ADVERTISING...R38S12

As we discussed, I feel we can do quite a good job of reaching the most likely purchasers of this ammunition in the following publications:

American Rifleman
American Handgunner
The Handloader
Law & Order
The Police Chief
Police Marksman

In addition, Guns & Ammo has a law enforcement section at a special low rate in their September edition. If we hurry, we can make it.

I recommend a 1/2 page black and white ad — which will dominate the page on which it appears.*

If this sounds good to you, I'll get you circulations and costs.
