Gentlemen:

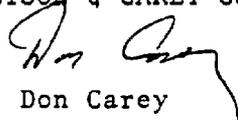

We are returning the enclosed gun for your examination. Our customer was hunting with this rifle when he closed the bolt, the gun went off and shot him in the foot. He lost his little toe plus serious damage to bones in his foot. The customer's name is DOUGLAS WARREN, 11110 NE 42nd St., Vancouver, Washington 98662. Telephone number is (206) 256-0007.

We pulled the barrel and action from stock and noted that the sealant was broken on part number 17053 trigger screw front and part number 15481 trigger stop screw. We reassembled the gun as found and shipped to you.

Very truly yours,
