Model 600 Rifle A6569817
Repair Order R-20414-600

Dear Mr. Cunningham:

We recently received your Model 600 rifle, covered by your correspondence of recent date.

Upon examining your gun, we do find that it is a max header, and it is in need of a new action.

However, before supplying a new action, we would appreciate it if you would advise us as to whether or not the gun has been altered to a 22 Rem mag.

If it has, we cannot supply the new barrel since it is not made of this caliber.

We can supply you with a 22 Rem Caliber.

When replying, please refer to this letter and our number R-20414-600 for identification.

Cordially,

F. D. Coleman
