We trust that we have clarified the circumstances that could possibly have caused the accidental firing. The firearm can be returned with the present trigger assembly re-adjusted to our specifications, or, if your customer so desires and as a gesture of good will, even though there is nothing wrong with the present trigger assembly material or manufacturing-wise, we can replace it with another assembly at no charge. We will await the decision and reply.

Thank you for having afforded us the opportunity to examine the rifle and to be of service.

Sincerely,

J.A. Staki, Supervisor  
Firearms Product Service
