Dear Sirs,

I am sorry for the Delay in this letter
As My Wife "Secretary" thought I wrote you back,
and I thought she wrote you. Any way this is
our busy time of year. Mass confusion.

In regards to your last letter Regarding
the 711m Rem mag AOK Ser. # 6766151

Stating that you could not get the Rifle to Misfire.

I Assure you that it does Misfire on Release of
the Safety and would again. It would be quite
Satisfactory if the Trigger & Safety Mechanism were
Modernized, Sorry for the late Correspondance, thank
You for Your Cooperation.

Sincerely

G. Allen Davis
