Dear Mr. Delovich:

Reference is made to your letter of December 5, 1983, regarding our producing a Model Seven rifle in 6 X 47 caliber.

Unfortunately, we have no provision to furnish the above model in anything but the standard calibers as cataloged.

Our only recommendation would be to have one of the custom gunsmiths rebarrel a standard Model Seven rifle to the 6 X 47 caliber. However, the only safety available for this model does not have the bolt lock feature.

Thank you for your interest in Remington products, and we regret that we cannot accommodate your request.

Sincerely,

J.A. Stekl, Supervisor
