So we went and bought it.
 It wasn't out on the shelf
 and they said they had been holding
 it for someone else but he decided
 no. As Roy writes in his letter the
 rifle came with no manual not
 warranty slip etc. It also had
 marks on it as though it were used.

At the time we figured it would
 be ok since no other gun like it
 turned up before hunting.

During hunting it misfired
 etc. Roy has had steady problems
 with it. I & his father now feel
 we received a second. or a
 rifle returned and this is
 totally unacceptable to us.

Especially since the bolt was all
 but ruined by your service center and
