R'S REQUEST

"No can open bolt when safety is on and it will go off"

ULT
1) New style safety does not have bolt lock - bolt can be opened with safety on!
2) Trigger and safety assembly operate properly - cannot duplicate complaint. Trigger pull 5#, rear lift .010". However, trigger and trigger assembly have excessive set - this, coupled with cold temperatures, could cause problems.

HOT GUN Comment:

TARP Trig. installed GUN
Allegedly FSR

Offer to clean excessive set out of present
trigger assembly, or, if still better action
considered in the field, offer to replace the
assembly at ± normal price, as a gesture
of good-will
