MAIN FAULT

Mfg of 8/66 Trigger components were gummy and sticky as received. Could not duplicate customer concern. Safe off force is lighter than normal. Exchange trigger Assy. N/C. Strictly as a gesture of good will and to restore confidence in the rifle. Trigger Assy. only needs a light film of light oil periodically for maintenance.

PARTS

COMMENTS

Spec lift manual .0085
as recd and trigger pull was 5 1/2 Lb.
