Dear Ed,

While deer hunting this past season, I saw a buck and raised my rifle to shoot. When I pushed the safety forward, the gun went off, scaring me and the deer pretty good. I didn't get too upset about it because I thought maybe I brushed the trigger with my finger.

However, my daughter borrowed it to go deer hunting and at the conclusion of the hunt she wanted to unload the gun.

When she pushed the safety

rifle is restored, or,

the rifle can be returned as received. We will await your decision and reply.

Thank you for having afforded us this opportunity to examine your rifle and to be of service.

Sincerely,

J.A. Stakl, Supervisor
