

Remington Co.,

Dear Sir,

Regarding Remington X P 100 - 3.5 Cal gun.
Bought Kester Police Supply, Clarksville, Indiana
I was told Repeater model not available.
Paid \$441.00 + 6% Tax.

I was shooting at a 6 point Buck deer
and was loaded with 150 gram Remington
shell when the gun stock shattered and
the metal part of gun went over my right
shoulder & barely missed my face & head &
landed about one foot behind me. It cut
my finger and top of my left hand and the
palm & top of my right hand.

I picked up as many pieces as I could
find & shell are all enclosed in box.

Needless to say it scared the hell out of
me.

I expect your company to repair & return
my gun to me. However do not replace stock
with plastic. If this cannot be done refund
my money.

Do not replace stock with plastic.
