

UNFORTUNATELY HE WAS NO LONGER IN BUSINESS. ARMS & ANGELING, KEN BITNEY, APPLETON, WIS. THE NEXT CLOSEST ONE WOULD BE ANOTHER HOURS DRIVE AND I DECIDED TO RETURN HOME.

I AM SENDING YOU THE RIFLES VIA UPS AND HOPE THAT YOU WILL BE ABLE TO SOLVE THE PROBLEM.

PLEASE DO NOT RETURN THEM WITHOUT FIRST TESTING THEM AFTER BEING STORED SEVERAL HOURS IN THE COCKED POSITION AT 0° F. OR COLDER.

IF YOU SHOULD FIND IT MOST EFFECTIVE TO JUST REPLACE THE RIFLES PLEASE DO NOT DO SO FOR THE 222 REM & .25-06 AS I HAVE DEVELOPED HAND LOADS THAT GROUP AT $\frac{1}{2}$ MIN OF ANGLE FOR THE 222 AND $\frac{3}{4}$ " FOR THE .25-06 AT 100 YDS.

IF YOU REQUIRE SAMPLES OF THE MISS FIRE AMMO I HAVE BOTH FACTORY AND HAND LOADS AVAILABLE FOR YOUR EXAMINATION, WITH VARYING AMOUNTS OF PRIMER DENTING.
