Dear Mr. Sanita,

I appreciate the time and effort you and Remington have taken to inspect and test my model 700 Mountain Rifle. It is reassuring to know that the company will take the necessary steps to restore my confidence in its product and service.

I am impressed with the company's generosity and accept the offer you made in your letter of April 17, 1989. I look forward to receiving the replacement and anticipate many years of worry free hunting.

Sincerely,

*Paul Lewis*
