Re: R93-05444

Dear Dennis:

As we discussed by phone last week, Mr. Lester has asked me to authorize you to make whatever repair/replacement of the trigger system you deem appropriate, and return the model 700 BDL as soon as possible. He withdraws his request for help on the "Blazer transmission repair."

I believe the right thing to do is expedite the replacement of the trigger assembly and return the gun as quickly as possible.

Thanks again for your assistance.

Sincerely yours,

L. Gibbes Goodwin
