Mr. David C. Morrill
Rt. # 1 Box 63B
Athol, Idaho 83801

January 20, 1987

Dear Mr. Morrill:

Your letter of November 27, 1986, regarding the safety operation of your new Model 700 ADL, 7mm Rem. Mag caliber rifle, has been forwarded to this office for response.

All Model 700 rifles produced after 1981 do not have the "bolt-lock" feature, i.e. -the bolts can be raised with the safety in the "on-safe" position. Older Model 700 rifles do lock the bolt with the safety on.

The bolt-lock was eliminated based on the results of an independent marketing survey in which a greater percentage of the shooters felt it was not a necessary feature and preferred the capability of opening the bolt with the safety on.

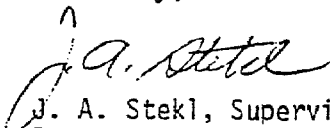

If you desire the bolt-lock feature on your rifle, we can install the necessary part at a charge of \$15.00 to cover part, installation and testing. If you are interested, please send your rifle via insured UPS to:

Remington Arms Company, Inc.
14 Hoefler Avenue
Ilion, N. Y. 13357
Attn: J. A. Stekl, Supervisor
Product Service

In addition, please print "STEKL" on both butt ends of the shipping box in bold letters.

Thank you for your interest in Remington products and for affording us the opportunity to be of service to you.

Sincerely,

J. A. Stekl, Supervisor
