DEAR Mr. Jim STEKL

AS OUR CONVERSATION ON THE phone THIS DATE I AM sending Gun BACK TO YOU TO SEE WHAT CAN BE DONE ABOUT IT. COUSE LIKE I SAID USING Ren Ammo & Fixing IT 6 other times before it happen. I DO HAVE A WITNESS TO IT. And Like I Told YOU my wife & I have A Gun Repair Shop & Buy & sell GUNS - & BLUEING AND THE ONLY THING I THINK happen IS ONE OF YOU SHELLS WAS EXTRA HOT LOAD. I HAD TO KNOCK OUT THE BOLT WITH A PLASTIC Mallet, & THE Clip had TO PUT OUT BUT IT WILL NOT GO BACK IN. & THE STOCK ALSO CRACK IN FRONT OF Clip Holder TOWARDS THE FRONT ABOUT 8 IN LONG. Now I handle WITH IT LAST YEAR AND DID NOT HAVE ANY PROBLEMS & DID NOT HAVE ANY PROBLEMS WITH Firing SIX shells before THE ONE THAT IS STILL IN CHAMBER?
