April 5, 1991

Dear Sirs:

Enclosed you will find our rifle (SC 6532119) that has been returned for the replacement of the trigger mechanism.

Please note that this weapon is used for a special weapons team. On a recent call-out the departmental sniper was setting up per his orders and shifted the weapon from the safe position to the fire position. Without warning the weapon discharged. We sent the gun into our local gun repair (Ambler Arms, Milpitas, CA). It was checked out and nothing was found broken or wrong with the weapon. Fortunately for us, the repair shop notified us of the recall.

We need the trigger mechanism replaced and a letter stating the weapon is safe to use. The written statement is required due to potential liability if an accidental discharges occurred.

Thank You for your help in this matter. I spoke with Lenna on the phone who told us to return the weapon. Please take note that Lenna was very helpful and her professional and efficient approach helped ease many of our concerns.

Please return the repaired weapon to:

OFFICER ROBIN TRENCH  
Newark Police Department  
37101 Newark Blvd  
Newark, CA 94560

If you have any questions I can be reached at (415) 790-7255.

Sincerely,

A handwritten signature in black ink, appearing to read 'Robin Lynn Trench'.

Robin Lynn Trench, PCO # 1
