the safety lever is in the "on-safe" position for \$35.00.

Should you desire one of the alternatives set forth, please include a check in the above amount made out Remington Arms Company, Inc., with your response marked to my attention. We will await your decision and reply.

Thank you for affording us the opportunity to examine your rifle and report our findings.

Sincerely,

Attention: J. A. Stekl,

Please install option # 2 - a trigger assembly without a bolt-lock which allows raising the bolt handle while the safety lever is in the "on-safe" position. Enclosed is a money order for \$ 35.00. When you return the rifle, please send the old trigger assembly also. Thank you.
