

2-11-86

Mr. Potter

Enclosed are the 2 guns
that we talked about on 1-27-86.
The Mohawk 243 is the one that
discharges when you put the bolt down.
The 270 was the one that ~~was~~
discharged when you switched it from
safety to fire.

Thank you

Johnny Ryzd

Enclosed also is a copy of
the bill that you requested
for the damages.

Thank you
