

Concerning this matter; as I was told when I called the toll free number.

It is my opinion, that I have a rifle; which I paid \$325⁰⁰ for; that malfunctions and is a serious threat to safety. I have not used it since it malfunctioned last and feel that it is an expense that; for obvious reasons; is untrustworthy and unsafe.

I sincerely hope you will give this matter some attention; as my faith in Remington is; at this point; somewhat blemished.

Sincerely,
 Mr. Rollin E. Severance
