DEAR SIRs!

I have one of your Rem. 700
ADL models Rifle. I got it
10/28/82. It is a good gun
but I have a problem with
it. (See #B6223879)

I had my first accident
in my life. I am 57 years
old, have had guns all my
shooting life. Started at age
10 yr old.

This Rifle Safety is bad
for you have to take safety off
to unload it and the Rifle
will fire. Sometimes at this
time. No one was hurt but
I shot and killed a Land
Cruiser. About \$400.00 damage.
