*Return To*

Mr. Ed Taylor  
Route 3, Box 281-A  
Walnut Grove, MO 65770

Dear Mr. Taylor

We have received the two Model 700 bolts for the two (2) rifles serial numbers 36306 and 260423.

*R-89-03042R-89-03041*

There is a bit of a problem, however. We need both rifles which these bolts go to. One has a note with it saying the firing pin fell on closing the bolt, but we can determine no cause from the bolt alone. The other serial number 363066 does not mention the problem. We must have the rifle for this one as well as a note telling us its problem. Since in all of these assemblies there are several items working together to make them function, we need each contiguous part. Some are in the bolt, but the bulk are within the rifle itself.

We will await the arrival of these rifles. Send them to the same address as the bolts, and to my attention. In the event you no longer have the address, it is:

Remington Arms Co., Inc.  
14 Hoefler Ave.  
Ilion, NY 13357

Put my name "ST. JOHN" on each box end; as soon as they are received, we will evaluate the problems and get them back to you as quickly as possible.
