

Dear Sirs:

I called the people at  
~~Wilmington~~ Wilmington, D.C. and  
 they told me to send rifle  
 to you and to explain what  
 the trouble was. During the  
 period I had this rifle  
 it has discharged on its  
 own while closing the bolt.  
 I have taken this gun to  
 local gun smith and he  
 can't find the cause. the  
 rifle is very dangerous and  
 I'm afraid if I use it  
 any there going to be an  
 accident.

Thank you
