To Whom it may Concern, -

As a gunsmith I have
been asked to evaluate the
damage done to

Winchester model 88 rifle
H 250 668 calibre .284

My estimate of amount
necessary to buy and fit new
stock for above is \$150.00 based
on price of stock in Winchester
1978 catalogue. In best of my
judgment no further damage has
been done.

Signed
