DEAR SIR:

ON A NUMBER OF OCCASIONS MY REMINGTON 700 HAS MISFIRED, THE FIRST INCIDENT WAS IN 1977 OR 1978. I WAS IN A DEER BLIND. WHEN I PUSED THE BOLT DOWN THE GUN DISCHARGED. I TRIED THIS AGAIN AND THE SAME THING HAPPENED. THE THIRD TIME I TRIED THE GUN WORKED AS IT WAS SUPPOSED TO. I HAD NO MORE TROUBLE FOR TWO YEARS. THEN THE GUN FIRED WHEN I PUSHED DOWN THE BOLT. I HAD NO MORE TROUBLE UNTIL 1985. I WAS HUNTING IN ZAPATA, TX. WHEN I SAW A DEER, I PULLED THE TRIGGER, BUT IT WOULD NOT PULL. I PUT THE GUN DOWN AND IT WENT OFF. I HAVE NOT USED THE RIFLE SINCE AND WILL NOT UNTIL THE PROBLEM IS CORRECTED. PLEASE ADVISE ME CONCERNING WHAT NEEDS TO BE DONE TO SOLVE THIS PROBLEM.
