DEAR REMINGTON

THREE YEARS AGO I CLIMBED A
TREE WITH A 16 INCH WIDE CLIMBING
TREE STAND, UPON REACHING MY DESIRED
HEIGHT I PULLED MY MODEL 700 BDL
30.06 SERIAL NO. 66219506 UP BY A ROPE
WITH THE RIFLE RESTING BETWEEN
MY FEET I PUSHED THE SAFETY TO
FIRE AND THE GUN DISCHARGED.
MY HAND WAS NOWHERE NEAR THE
TRIGGER.

LAST NIGHT I HAD COME INTO
THE HOUSE WITH THE GUN LOADED
BUT ON SAFETY. BEFORE PUTTING
THE GUN UP IN ITS PLACE I
WENT TO UNLOAD IT, THE GUN
WAS IN A ^{SOFT} CASE. I UNZIPPED
THE CASE SO NOTHING WAS
TOUCHING THE TRIGGER, WHEN
I PUSHED THE SAFETY OFF
TO UNCHAMBER THE LOADED SHELL
THE GUN DISCHARGED AGAIN. THE
MUZZLE WAS RESTING ON THE
CARPETED ^{CONCRETE} FLOOR.
CARPET AND CONCRETE WENT EVERYWHERE.
