

DEAR REMINGTON SERVICE

11/29/93

I AM RETURNING THIS RIFLE TO REMINGTON FOR REPAIR OF THE SAFETY DEVICE. DURING A HU THIS PAST FALL I CHAMBERED A CARTRIDGE AND MOVED THE SAFETY FORWARD TO THE FIRE POSITION AND THE RIFLE DISCHARGED THE CHAMBERED CARTRIDGE. MY RIGHT THUMB WAS CUT OPEN FROM THE RECOIL. THE SAFETY LEVER DOES NOT MOVE EASY, IT IS DIFFICULT TO MOVE BACK AND FORTH. I BELIEVE THERE IS SOMETHING WRONG WITH THE SAFETY, PLEASE MAKE THE NECESSARY REPAIR TO MAKE THIS RIFLE SAFE FOR USE.

THANK YOU,

Mark R Zamzow
