General Repair Form

Back to Repair Services

1/52

NOTE: Please print and complete this form, and then include it with your firearm

Model Number: 722		Serial Number: 274548	
Name: Michael Zedack		Date of Purchase: 2/4/06	
Address (no PO Boxes): 307 Winsom Court			
City: Woodstock		State: GA	Zip: 30188
Phone (Daytime): (770)-367-7983		Fax: 770-410-9158	
E-mail Address: MJZ442@BellSouth.net			
Please describe your problem: - Problem with gun "firing" when safety is moved from "ON" to "off" position. Also gun will sometimes "fire" when Bolt is moved & safety is "off". I have found this to happen more with safety ON & when apply pressure to trigger. When you then move safety to "off" -- it fires.			
Additional Information: (Ammo type, brand, handload specifications, etc.) - Could you also check barrel & give me your opinion on condition of wear.			
NOTE: Prior to shipping your firearm, contact the Repair Center for services provided and estimated repair time.			
Ⓢ WARNING: DO NOT SEND LIVE OR SPENT SHELLS IN YOUR FIREARM OR IN THE SAME BOX WITH THE FIREARM. THIS IS A VIOLATION OF FEDERAL LAW. IF YOU FEEL YOU MUST SEND SPENT SHELLS PLEASE SEND THEM IN A SEPARATE PACKAGE AND INCLUDE NAME, ADDRESS (WITH ZIP CODE), TELEPHONE AND MODEL AND SERIAL NUMBER OF YOUR FIREARM.			
:: Record the serial number of your firearm before sending it. :: Pack your firearm for safety and to prevent further damage in shipping and handling. Preferably, ship in a firearm box. (Note: Original boxes may not be returned.) :: Remove all accessories from your firearm to prevent loss or damage. :: Ship your INSURED firearm by either UPS or Parcel Post. Remington is not responsible for damage or loss during shipment, so you may elect to purchase insurance from your carrier.

## Safety Modification Program

### Remington Model 721 & 722

#### If you own a Remington Model 721 or 722 rifle:

All Remington Model 721 and 722 rifles were manufactured with a bolt-lock mechanism. These models were discontinued in 1961. If you participate in the Safety Modification Program, your firearm will be cleaned and inspected for proper functioning, by a qualified gunsmith. Once the condition of your firearm has been assessed, you will be notified of one of the following:

Download The

Remington Online

Partners

Online Help Center

Retail Locator

About Us

- Your rifle trigger assembly is either not in good operating condition and the gunsmith will proceed to physically remove the bolt-lock feature so that your rifle can be loaded and unloaded while the safety remains in the "S" or "On Safe" position; or
- Your rifle's trigger assembly is found to be in an unsatisfactory or potentially unsafe operating condition because of any number of factors, including wear, alteration or maintenance. The entire trigger assembly will be replaced with a new factory trigger assembly, which does not incorporate a bolt-lock mechanism.

In either case, the total cost to you is \$20, shipping and handling. You will also receive redemption certificate to complete and submit in order to receive a free blaze orange h certificate).

### How to participate in the Safety Modification Program

- Complete the General Repair Form and
- Send or deliver your firearm and the completed repair form to either:
  - A Remington Authorized Repair Center; or
  - Ship your firearm to the Remington factory at:

Remington Arms Company, Inc.  
 Ilion Firearms Plant  
 Attention: BL Safety Program  
 14 Hoefler Avenue  
 Ilion, NY 13357

Remington will bill or arrange for payment once your firearm is received and evaluated.

**CAUTION:** It is your responsibility to comply with all laws and regulations regarding tr
