Subject: Model 710 Serial #71122855  
RE: Case #2503

Dear Mr. Harding,

We were sorry to learn about the unfortunate incident you experienced with your Model 710. As I understand it, the rifle fired when you moved the safety to the fired position. We appreciate you contacting us so we can determine the cause of the incident.

As we discussed, I have enclosed a prepaid UPS shipping label for you to ship the firearm back to our factory for examination. I have also included a copy of this letter to put inside the shipping box. (The box will come under separate cover). The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly. On the factory repair form, please provide additional information about the incident, including the date of the last occurrence, type of weather, type of ammunition being used, etc.

We apologize for the inconvenience that this incident has caused and we hope that our actions will keep you as a loyal Remington customer.

Sincerely,

A handwritten signature in cursive script that reads "Laura Watson".
