Mr. Amato, I apologize for the delay in responding. I can send you a prepaid shipping label to cover shipment to our factory for inspection of the problem you had with the Model 700. We will contact you after inspection regarding the results.

If you would like me to send the label, forward the mailing address it should be mailed to and the serial number of the rifle.

Sincerely,  
Christy Mitchell

Remington representative,

I have a 700 I bought in about 1968. While on a hunting trip in 1968 and while attempting to unload the rifle, it fired and fortunately it killed a horse rather than my buddy. I am now aware of significant exposure of what I believe is clearly a bad mechanical design as the original engineer has suggested.

If I send the gun back to you will you replace the trigger with the X-Mark Pro trigger and will this be at your expense. If not, please tell me what you would consider to be reasonable. Thank you,

Frank A Amato
