12/8/10 Per call from Jones, he has a 700 that was passed to him from his grandfather. It has fired when closing the bolt on 2 occasions. The first time he shot out the window of his truck. He was not asking for us to reimburse for that. He said it happened again last year, fired on bolt closing, no damages. He has not used it since. He just wants it safe. It has sentimental value.cm

Dear Mr. Jones,

Enclosed is the UPS ground prepaid shipping label for shipment of the firearm for inspection at our factory. Please include a copy of this letter with the firearm. **The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly.** Please mark the ends of the box with "Product Service".

I apologize for the inconvenience that this incident has caused and I hope that these actions will keep you a loyal Remington customer.

Sincerely,
