Subject: #5094, Model 700

Dear Mr. Kline,

Per our phone conversation, enclosed is a UPS ground prepaid shipping label. Please include a copy of this letter with the firearm. **The letter inside is important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly. Please mark the ends of the box with "Product Service".**

I apologize for the inconvenience that this incident has caused and I hope that these actions will keep you as a loyal Remington customer.

Sincerely,

Christy Mitchell

Please describe your problem and date of occurrence:		
<p>My trigger will often go off when the safety is released and is unsafe. If possible, I would like a newer version of the X mark pro that is externally adjustable. I would like a pull of 3 1/2 pounds. The current trigger arrived with a pull of 7 1/2 pounds. Thank you KK I had it adjusted by a professional.</p>

Technician's Comments	
Condition	NOTE - At target rifle shot to point of aim and put three shots in the same hole at 50 yds.
Problem/Notes	No fault found with receiver scope base holes. We mounted Weaver rings and bases with a Bushnell scope. Bore sighted with plenty of adjustment for both windage and elevation. Rifle will be targeted for group and point of impact.
