Both Winchester Model 70 and Savage Model 40 rifles which are in competition with the Model 720 provide screw holes and plug screws on the top front of the receivers.

We have a recommendation that Remington do likewise to meet this competition.

Economics:

Estimated equipment cost		\$275.00
	#3 Forecast Burden 154%	Normal Year Burden 260%
Additional Commercial Cost	\$.16 ea.	\$.22 ea.
Commercial Cost of Rifle including Plug Screws	\$41.75 ea.	\$57.97 ea.
Net selling price less 5% and 2%	\$42.84 ea.	\$42.84 ea.

AFC DECISION:

Model 720 receivers will be drilled and tapped for telescope base and suitable plug screws provided.
