COMMENTS ON PROPOSED NEW FINISH 2/7/42

E E HANDY - Doesn't think, under present conditions, any change in finish should be made.

H. P. - If we are going to be competitive, offer as fine a rifle as Winchester 270 and capture a larger share of this business we should have this finish - which equals the Winchester.
J. H. Peters 3/14/42

3/17/42 Since we will not be in position to sell these rifles with new finish in any quantity for the duration, why commit ourselves to a higher cost at this time? DE
