"CONFINE YOUR LETTER TO ONE SUBJECT ONLY"

 February 12, 1946
 Ilion, New York

 TO: R. A. A. SEITSCHIEL ✓
 FROM: C. W. BORDEN
 SUBJECT: MODEL 721-722 SEAR
DRAWING E-17045

Your letter dated 2-7-46 recommends that the Sear for the Model 721-722 rifle be purchased from the Powdered Metal Products, Inc. of Chicago, Illinois, and that it should be made from powdered metal. Since we have received this letter, no information has been sent relative to new material procurement sheets and relative to the condition in which these parts will be purchased. It is suggested that this information be transmitted to the plant immediately since no information can be sent to the Planning and Purchasing Department from this group until all information is on hand.

No information has been received to date telling us to hold up purchasing of the Sear as transmitted to us previously. Is it your intention to withdraw these specifications as previously received or merely to offer the powdered metal part as an alternate.

 C. W. Borden
 Asst. Supt. P. E. & C.

ESapp/ia

Mail Procurement #643 for powdered metal. See attached for information sent to plant. Checked and Miller. He has received and distributed the same.
