SUBJECT: PERISHABLE TOOLS - MANUFACTURED PARTS - H/721-728

We are transmitting berewith a penciled working to listing of all perishable tools called for in the Frocess Record to now stands for samufactured parts on the M/721-722.

This list shows what is on hand and on order according to our records, less the number used in pilot operations. We would appreciate having this penciled copy returned to the writer after you have finished with it, so that typewritten copies can be made for your files and the files in Technical.
