SUBJECT: ADVERTISING - ARTICLE IN "PRODUCT ENGINEERING" -
DESIGN OF MODEL 721 RIFLE

In accordance with your letter of August 27th, arrangements have been made to prepare information for an article on the engineering problems in design of the Model 721 Rifle.

We expect to start on this job after M. E. Walker, the designer, returns from vacation on September 20th. On this basis, we would hope to have a draft ready for your review by the middle of October.
