TO: S. M. ALVIS
FROM: W. L. CLAY
SUBJECT: MODEL 721-722 BARREL MARKINGS

Reference your memorandum of October 10, 1950, on the above subject, it is understood from our telephone conversation that further investigation has indicated that the Plant must provide new rolls in order to apply barrel markings already approved.

Therefore, the new patent number (2,514,981) can be incorporated on these new rolls.
