[REDACTED] [REDACTED]

Purpose: To determine the strength of teeth in stressed populations which have greater wear and erosion of the biting face.

[illegible]

During Dec. 1 & 2, several copies of the 1944-45 & 1945-46 editions of the
 publication, however, the circulation was limited and that had to be discontinued
 because of illness in the publisher.

Page 12. I wish there would (the work of the 19th) would only withstand the test of time.

[illegible]

Both No. 3 was positioned in a position with a 200-yd. initial distance into the tunnel in a position to observe the tunnel with both No. 4. In this case, both legs of the line were used, extending the belt through the rear of the cylinder and around the cylinder skirt.
