FROM: D. LEE BRAUN
SUBJECT: ARMA LITE AR-7 EXPLORER AND POSSIBILITIES OF XP-100

Dear Jim:

I think we have a possibility of inaugurating into our XP-100 the features you will note on the enclosed folder, and as our XP-100 has a much finer cartridge, if we could turn this to Research and have them do something like this with the XP-100, I feel we have a tremendous sales volume item.

Am sending this to you for your information, thinking and use.

Yours very truly,
