Dear Mr. Hill:

Thank you for your kind compliments on the Remington XP-100
and the M/40X.

There should be no objection to your visiting our Plant at Ilion,
New York and I am sure arrangements could be made if you are planning
to come this way. The arrangements should be made in advance, however,
in order to be sure that the people whom you wish to contact are available.

Sincerely,

M. H. Walker, Chief Designer
Ilion Research Division
