Dear Mr. Whittemore:

Your recent inquiry regarding the Model 700 in 350 magnum caliber has been referred to me from our Ilion office for reply.

The Model 700 is available in many different calibers as you are, no doubt, aware of; however, we cannot supply a 350 magnum chambering in this particular gun at this time. Of course, should we receive sufficient requests, it may become available at some future date.

Thanks again for writing. Should you have any further questions, do not hesitate to drop us a line.

Cordially,

Shooting Promotion
